## About Me

I'm a 5th-semester university student majoring in Information Systems. I enjoy working in groups, which has enhanced your leadership and communication abilities. I have developed strong skills in front-end programming languages such as HTML, CSS, and JavaScript, and you are proficient in design software like Figma. I'm passionate about front-end development and strive to use my skills to create exceptional user experiences for both websites and mobile apps.

## TECHNICAL SKILLS

- Javascript
- HTML
- CSS
- Figma (Software design tool)
- Adobe Photoshop
- Adobe Illustrator
- Mendix
- SQL

## SOFT SKILLS

- Problem solving
- Collaboration & Teamwork
- Communicating
- Critical thinking
